

SUMMATION PROJECT

This project is meant for you to show me what you have learned about photography and the techniques you have learned in this class throughout the trimester (Composition, Print quality etc.). It is also an opportunity for you to be **creative** and investigate a new subject or idea that you have been interested in capturing. You have complete artistic control of this project. Your job is to create an amazing photograph to show off your skills!

Ten Points Each →	Composition	Creative Subject	Aesthetics	Camera Angle	Creative Shooting	Print Quality	Total
